GUIDE 3: STATION FACILITIES

We are fortunate to have two professional broadcast Studios.

Studio1: The left hand door as you enter the Station.

Studio2: Directly opposite the entry door. The larger studio.

STUDIO1: PRODUCTION STUDIO:

Studio 1 will be used for the following purposes:

- Stand by broadcast studio
- Training studio
- Production studio

The use of Studio 1 as a broadcast studio takes precedence over any other use.

- Persons wishing to use Studio 1 must book its use. A booking sheet for this purpose is located on the studio door.
- Arrangements will be made by station management to provide training where necessary on the use of the equipment and arrange access.
- Studio 1 may be used to pre-record programs or segments for use on our station. It may be used by members to record sponsorship announcements for their programs. It may be used to prepare sample segments for those seeking admission to A.F.T.R.S. or other such courses.
- It may not be used to prepare material for broadcast on any other station
- The person using Studio 1 must re-set all equipment after use so that it is ready for the next person.

GUIDE 4: PROGRAMMING & NEWS

PROGRAMMING:

- Any person may submit a program proposal. Any such proposal will be placed before the Program Committee for consideration.
- The Program Committee will consider the nature of the program, the availability of a suitable time, the current program mix, and the technical competence of the presenter in deciding whether to approve a program.
- The Program Committee will consider the best placement of programs.
- If there are competing applications of equal quality for a particular time slot, preference would ordinarily be given to an applicant who lives in our broadcast area.
- In considering program proposals the Program Committee will take into account the needs of individuals or groups who are not adequately served by other media in our Service Area.
- Should a program be awarded to a presenter, the agreement is between the presenter and 'Alive 90.5'. The presenter does not take control of the spot allotted. If and when the presenter relinquishes the spot, it reverts to the control of 'Alive 90.5'.

COMMUNITY SERVICE ANNOUNCEMENTS (CSAs)

- Two CSAs are already programmed into the playlist for every hour.
- Presenters should endeavour to play a minimum of two community announcements per hour including Special shows.
- A Community announcement is one made on behalf of a non-profit Community organisation e.g. Salvation Army, Heart Foundation etc.
- There are a number of pre-recorded community announcements on the Z drive.
- There is also a link on PC2 in Studio 2 to updated live reads.

Be aware that some profit-making organisations will try to have material played as community announcements when they are really advertisements in breach of our license conditions.

GIVEAWAYS

- All Giveaways must be approved by the Board
- Giveaways are a great way of treating your listeners and/or subscribers to a special treat every so often.
- In this way, many define giveaways as a station promo. But you need to be careful when planning the giveaway segment.
- If the giveaway is accompanied by an unpaid promo, then you could be found to be in breach of the Act by broadcasting an advertisement.

GUIDE 4: PROGRAMMING & NEWS

- If you do accept giveaways for Alive 90.5, the information regarding the company that supplied the free service or product should be kept to an absolute minimum. Business descriptions, locations and telephone numbers should be avoided.
- The listener should not have to go to the business location to pick up the item; instead the giveaway should be picked up at Alive 90.5 or posted to the winner from Alive 90.5.
- If the company providing the giveaway wants promotion, you will need to treat the segment as a sponsorship announcement. As an exchange of goods or services has taken place, the giveaway should be treated as a contra deal. 'Alive 90.5' should then assess whether the value of the giveaway justifies the associated administrative requirements.
- A contra-sponsorship agreement must be in place prior to commencing.
