MIDWINTER FESTIVAL IN PARRAMATTA

A festival of firelight, warmth and togetherness in the heart of Parramatta.

Midwinter Festival turns Parramatta Square into a lively winter destination, inviting everyone to explore buzzing daytime experiences and stay on as the sun sets for cosy evenings around firepits, food and entertainment. Running day to night for two weeks, 4–18 July, Midwinter brings people together to gather, explore and experience Parramatta in a new and memorable way.

NSW HEALTH 2026 CHILDHOOD VACCINATION CAMPAIGN

On-time vaccination gives your child the best protection. Vaccines work best when they're given at the recommended ages. The childhood schedule is carefully designed to make sure children achieve the highest level of protection for each disease.

Delaying vaccines can leave your child unprotected during important stages of development. If your child is behind, that's okay. You can catch up. Talk to your GP, nurse or Aboriginal Medical Service about the next steps.

Vaccination is one of the safest and most effective ways to protect your child's health. Get your child's personalised vaccination schedule at www.health.nsw.gov.au/myschedule
